

Play Works Youth Friendly Community Application

What Elected Officials are saying about being Youth Friendly

What elected officials are saying about being Youth Friendly

As a growing community, it is critical that we provide our children and teens with the space and freedom to play and learn in a supportive environment. Our staff work closely with young people in Aurora to develop programs that evolve as they evolve and grow. I'm incredibly proud we have been recognized as a Platinum Youth Friendly Community.

Mayor Tom Mrakas, Town of Aurora

The Recreation Division of the City of Hamilton is committed to ensuring that all young people have the opportunity to lead healthy and active lifestyles. Receiving Platinum Designation as a Youth Friendly Community demonstrates the commitment of the City of Hamilton and its partners to providing high quality programs and services to children and youth in our community that are affordable and accessible.

Mayor Fred Eisenberger City of Hamilton

Wilmot Township's pride in our youth is only surpassed by their enthusiasm to participate. This gives credit to the knowledge that our future is in good hands. The Youth Friendly Community award not only reinforces our dedication to youth, but recognizes our adults whom are working hard to provide the opportunities to participate.

Mayor Les Armstrong, Wilmot Township
